

Adjusting MagDrive extension arm

- Step 1: Release the extension tightening knob (D) by rotating anti-clockwise.
- Step 2: Slide the extension arm forwards or backwards to your desired position.
- Step 3: Once the mount is in the desired position, secure by rotating the extension tightening knob (D) clockwise.

Attaching your phone

- Compatible for any Apple iPhone 12 devices and above, place the back of the phone onto the MagDrive magnetic head (A).
- For other device types, simply apply the metal magnetic ring part no. CY3890MAGRI (not included) to the outside of the device. Attach your device onto the MagDrive magnetic head (A).

Warranty

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law (or local consumer law). You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Cygnett warrants this product against defects in workmanship and material for a period of two (2) years from its original purchase date. You must present your receipt as proof of date of purchase for warranty validation. Please read the following information carefully and retain this warranty card for any warranty claim.

MagDrive Magnetic
Extendable Window Mount

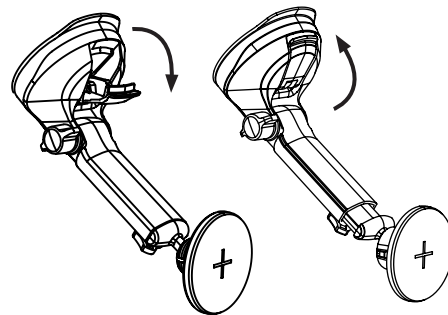

User Manual

- A MagDrive Magnetic Head
- B Tightening Collar
- C Ball Joint
- D Extension Tightening Knob
- E Pivoting Tightening Knob
- F Fastening Latch
- G Suction Cup

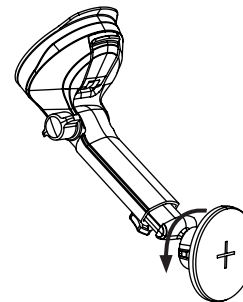

Installing MagDrive Window Mount

- Step 1: Select a location on the windshield/window ensuring the surface is free from dust, oils and debris.
- Step 2: Open the fastening latch (D) by pulling it up.
- Step 3: Position the MagDrive Window Mount in the desired location.
- Step 4: Press the suction cup onto the windshield/window firmly and push down the fastening latch (D) ensuring a tight seal.

Adjust the viewing angle

- Step 1: To adjust the viewing angle turn the tightening ring (B) anti-clockwise.
- Step 2: Adjust the MagDrive magnetic head (A) to your desired viewing angle.
- Step 3: Once the MagDrive magnetic head is at the desired viewing angle turn the tightening ring (B) clockwise to secure the MagDrive magnetic head (A) in position.

Adjusting MagDrive pivoting arm

- Step 1: Support the MagDrive Extendable Mount and loosen the pivoting tightening knob (E) by rotating it counter-clockwise.
- Step 2: While keeping the MagDrive mount in place, adjust its position by moving the pivoting arm up or down.
- Step 3: Once the mount is in the desired position, secure it in place by rotating the pivoting tightening knob (E) clockwise.
