

Adjusting the rotating arm

To avoid obstructing any vehicle instruments or interfering with your driving experience, follow these steps to adjust the rotating arm

Step 1: Hold both sides of the rotating arm (F) with one hand.

Step 2: Rotate the arm either clockwise or anti-clockwise to position the vent mount appropriately.

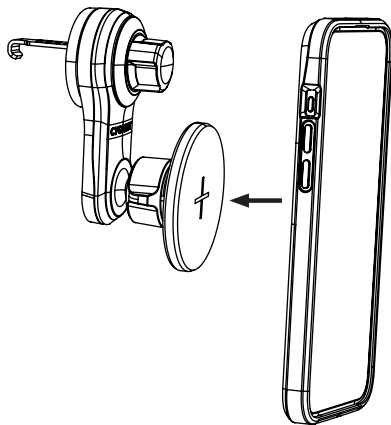

NOTE: Careful when rotating the arm as to not damage the vehicle vent due to excessive force.

Attaching your phone

- Compatible for any Apple iPhone 12 devices and above, place the back of the phone onto the MagDrive magnetic head (A).

- For other device types, simply apply the metal magnetic ring part no. CY3890MAGRI (not included) to the outside of the device. Attach your device onto the MagDrive magnetic head (A).

Warranty

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law (or local consumer law). You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Cygnett warrants this product against defects in workmanship and material for a period of two (2) years from its original purchase date. You must present your receipt as proof of date of purchase for warranty validation. Please read the following information carefully and retain this warranty card for any warranty claim.

MagDrive Magnetic Vent Mount

User Manual

- A MagDrive Magnetic Head
- B Tightening Collar
- C Ball Joint
- D Locking Dial
- E Vent Securing Hook
- F Rotating Arm

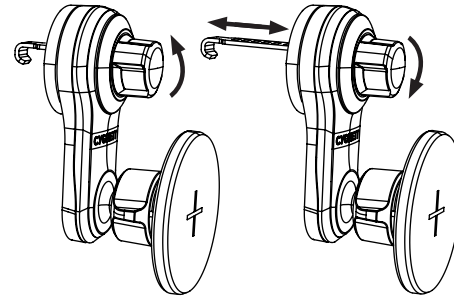

Installing MagDrive Vent Mount

Step 1: Rotate the Locking Dial (D) anti-clockwise to extend the Vent securing hook (E) out.

Step 2: Latch the vent securing hook (D) over the vent blade in your vehicle.

Step 3: Fasten your MagDrive vent mount by turning the Locking Dial (D) clockwise.

NOTE: Ensure not to over tighten the dial as this may cause damage to the vent.

Adjust the viewing angle

Adjusting MagDrive magnetic head

Step 1: To adjust the viewing angle rotate the tightening collar (B) anti-clockwise until loose.

Step 2: Adjust the MagDrive magnetic head (A) to your desired viewing angle.

Step 3: Once the MagDrive magnetic head is at the desired viewing angle, rotate the tightening collar (B) clockwise to secure the MagDrive magnetic head (A) in position.
